Subject: Pesticides Subgroup Issues Paper - 9/17 version
Attachments: Pesticides Issue Paper 9_17_14_v2.docx; Pesticides Issue Paper 9_17_14_v2-clean.docx

Hi Everyone (FYI to Sheila and Elizabeth),

I've updated the CZARA pesticides issues paper to reflect information from the 1993 6217(g) CZARA guidance that describes a management measure for buffers under forest chemical management and the scientific rationale for them.

Ex. 5 - Deliberative

Ex. 5 - Deliberative

Ex. 5 - Deliberative

Ex. 5 - Deliberative

Feel free to send me any comments

before the meeting on Friday.

[Note to Sheila and Elizabeth: we are meeting with the subgroup on Friday, 9/19 at 10AM, then we have a managers' meeting on Monday, 9/22 at 10AM. We've been talking with many people in Oregon as well as looking at CZARA policies and communications. At this point, we're focusing CZARA on the management measure which is aerial application of herbicides on Type N streams for forests, but we're planning to write up a follow-up memo on other information we've found on how the state manages its forest chemicals.]

Thanks,
Jenny Wu
